### **About Paprec Group**

*The group was founded and has been headed since its creation by Jean-Luc Petithuguenin. With the acquisition of Coved on 5 April 2017, the recycling specialist has become a specialist in the full waste management chain. Over 25 years, it has grown from 45 to 12,500 employees working at over 220 sites in France and Switzerland. It has a turnover of €2bn.*

*Active in all existing recycling sub-sectors, the group is number one in plastic, paper, cardboard, and building waste recycling, as well as selective household collections. It is number two for the recycling of electrical and electronic equipment, and number three for organic waste, wood, biomass and routine industrial waste. Following the acquisition of Coved, the group is now the third-largest player in the French waste treatment sector and the largest recycling industry player.*

*From the outset, Paprec Group has been known and acknowledged for its commitment to promoting diversity, secularism and the fight against all forms of discrimination within the company. In October 2016, the Paprec Group received the Trophée Global Axa des Entreprises Responsables (Overall trophy of responsible companies, presented by Axa). And in November 2016, Jean-Luc Petithuguenin won the Entrepreneur of the Year award at the BFM Business Awards.*
